## TELL US ABOUT YOU

Briefly let us know about you by outlining your previous experience and what makes you uniquely qualified and prepared to hold a leadership position with the I~Comm Student Media Organization. Please type below or attach another sheet.

---

### LEADERSHIP POSITION REQUIREMENTS

**Scholastic:** Students must have a 2.5 college GPA both overall and in the current semester to be considered.

All positions are offered assuming the student's grades will qualify. The offer will be revoked if grades overall or at the end of the current semester are below 2.5.

**Standards:** Position recipients commit to uphold BYU-Idaho standards of dress, grooming and conduct as listed in the Code of Honor. Indeed, the leadership staff of I~Comm Student Media are expected to maintain higher standards still, consistent with their status as campus leaders and aspiring professionals. The minimum dress standard when at work is business casual.

**Time:** I~Comm media leaders are expected to devote as much time as is necessary to achieve excellence in your positions.

**Outside work:** Students receiving paid leadership positions should exercise care in committing to outside jobs or other major campus positions (except callings in their wards). Students on payroll with I~Comm generally will not be allowed to work at another campus location.

**Quality of work:** Leaders in the student media organization are expected to strive for, and achieve, excellence in their work. Expectations and demands are high. Your "job description" also includes such qualities as creativity, dedication, reliability, a strict adherence to deadlines, a team attitude and professionalism.

---

I have read the above guidelines and expectations and, by signing my name below, agree to abide by them if chosen for a position. I commit myself to meet the above standards and to reach for excellence in my position.
